Greetings,

April 24, 2018

From: 
Jacob Segers, Extension Animal Scientist – Beef

Jason Duggin, Extension Animal Scientist - Beef

Enclosed are the rules for the 2018-19 Bull Evaluation Programs at Calhoun and Tifton.

Please be sure to read over the rules very carefully. **Please also note the entry deadline for Tifton has changed to August 15th, 2018.** Both entry deadlines for Calhoun and Tifton are postmark dates.

A few other friendly reminders for entry:

- You must send a \$50 nomination fee per bull along with the entry form.
- Per the rules upon delivery, you will need to provide us with a fully completed delivery form (mailed to you upon acceptance of entry), valid health certificate, and the original signed registration paper for your lots ready for transfer. Please submit all info necessary to your respective breed association in plenty of time so that this will not be delayed.
- All bulls must have official adjusted 205-day weights. This means that you will have to participate in your breed associations performance records program.
- You will notice in the rules that we are not requiring a Pinkeye vaccine for the Moraxella Bovis strain anymore. However, it is essential that you follow the pre-condition program laid out in the rules for the well-being of your bulls. You will also notice a vaccine worksheet in your delivery packet to return when you deliver your bull(s).

If you have questions, please call or email our team. We look forward to testing your bulls during the 2018-19 program year!
