2018-19 Tifton Bull Evaluation Program

56 Day Report

December 4, 2018

To: Consignors and Other Interested Parties

From: 
Jacob Segers, Ext. Animal Scientist – Beef Cattle

Enclosed is the 56-day report on the bulls at Tifton. We have reached the halfway point in the Bull Evaluation at Tifton. The bulls have maintained excellent performance and overall health is good. The bulls gained 4.82 pounds per day this period while gaining 4.65 pounds for the 56 days they've been on test. The weight gains for the last 28 days ranged from 72 to 199 pounds; the 28-day ADG ranged from 2.57 to 7.11 pounds; and the actual weights taken this morning ranged from 858 to 1,310 pounds.

We are still missing some performance data on a few bulls and/or registration certificates. This information must be on file in order for your bulls to have carcass ultrasound measurements taken on January 17th. I know everyone is busy with Holidays, but please do not delay in getting this information processed. Grace sent an email to those of you who we are missing information from last week. You'll find that your bulls data has been blacked out. We will release you data upon receipt of your missing materials.

The Tifton Bull Evaluation Center is open for visitors between the hours of 8 a.m. to 5 p.m., Monday through Friday. You are welcome to visit the station any time during these hours. If you wish to visit on the weekends, please call Mike Keeler at 229-831-5416. Also, for advanced viewing of reports, please visit our website, *ugabeef.com*. We hope that you will be able to find reports and information on other Beef Team Programs even easier than before.

Upcoming dates:

- December 7 – 48th Calhoun Bull Evaluation Sale
- January 1 - 84 day weigh day
- January 17 – Ultrasound bulls
- January 28 & 29 – Off test weights
- February 13 – Semen test sale bulls
- March 5 - Tifton Beef Cattle Short Course
- March 6 – 61st Annual Tifton Bull Evaluation Sale
