19th Calhoun HERD Program – Report 1

January 3, 2019

To: HERD Consignors and Buyers

From:  Jason Duggin, Extension Beef Specialist

142 heifers are in the program for 2019. The transition period has gone very well from a health standpoint.

- Some heifers lost weight during the transition period. Heifers that were not eating were pushed to the bunk, weighed on December 14 and temped. Heifers were treated as needed.
- January 23rd is the repro evaluation workday and start of the estrus synchronization protocol.
- The Heifer Team chose Niagara Z29 (AAA 17287387) as the primary sire and MCR Horizon 081 (AAA 17076135) for those heifers closely related to Niagara.

Many thanks to Alan Thomas and Zoetis for their guidance and assistance with the Calhoun HERD program's health and estrus synchronization products.

If you should have a need, please feel free to contact me at (706) 728-4354 or by email. Thank you for supporting the Calhoun HERD Program.

2018 - 2019 CALHOUN HERD CONSIGNORS
