

2021 Calhoun Bull Evaluation Program

September 1, 2021

To: Consignors, Buyers and Supporters of the 52nd Calhoun Bull Evaluation Program

From:  Jason Duggin, Extension Animal Scientist

RE: 29 Day Report

The ADG for the first weigh period was 3.19. Although the bulls are healthy and doing well overall, the extended rain fall prior to weigh day made a difference in performance this weigh period. They would not have gone to the feeders and hay ring very much Monday evening through Tuesday. However, we should see a noticeable gain bump on the following weigh day. The bulls processed through the system well and received some pour on fly control. The quality of the bulls continues to be impressive.

Please stop for a visit when you have the opportunity. We greatly value your interest in the Calhoun Bull Evaluation.

Consignors:

- **If you haven't submitted weaning information such as adjusted weaning weight, date, and ratio, it will be necessary to obtain ultrasound measurements. It will be needed for ultrasound scheduled for October 19th.**
- **Bulls without sire information in the report are still needing hard copy, signed certificates sent to the office.**
- **Bulls without information on the 56 weigh-day will not have data on the report.**
- Please send this information to Karen Rapp at the above address. Thank you!

Upcoming dates:

Calhoun Bull Evaluation

- 56 day weigh up: September 28

UGA Beef Programs:

- Tifton HERD entry deadline: **September 1**
- Tifton Bull Evaluation delivery: **October 7**

Reports are available at: ugabeef.com/bulltest
