

## 2020-21 Tifton Bull Evaluation Program 28 Day Report

November 10, 2020

From: Jason Duggin, Extension Beef Specialist      Grace Nyhuis, Program Coordinator III

Hope this finds you well! Enclosed is the 28-day report for the Tifton bulls. As a group, the bulls have performed well with a 4.45 ADG. Weight gains ranged from to 70 to 192 pounds and ADG ranged from 2.50 to 6.86 pounds.

- If you did not provide all of your performance information at check-in (adjusted weaning weight, weaning date, weaning ratio, number of contemporaries, etc.), please forward those to us ASAP. This information must be on file in order for your bulls to have carcass ultrasound measurements taken in January.
- Please double check and make sure all entries have a low-density genomic panel with parentage submitted or on file. Dams of all bulls need to have parentage on file with their association as well. This is necessary for sale eligibility.

I know everyone is busy and the Holidays are fast approaching, but please do not delay in getting this information processed. If we are still missing data from you on the next report, you'll find that your bulls' data has been blacked out. Please contact Grace should you have any questions.

Visit the Tifton Bull Evaluation Center: 8 a.m. - 5 p.m., Monday - Friday.  
Please call Mike Keeler at 229-831-5416 if you need directions.

Online reports can be found at: [ugabeef.com](http://ugabeef.com).

### Upcoming dates:

- **December 4 – 51<sup>st</sup> Calhoun Bull Evaluation Sale**
- **December 8 – 56 Day Weigh in for TBEC**

**2020-21 Tifton Bull Evaluation Program  
Consignor List**
