

December 21, 2021

From:   
Francine Henry Ph.D, Extension Beef Specialist

  
Grace Nyhuis, Program Coordinator III

Enclosed is the 56-day report for the Tifton bulls. Average daily gain for this past weigh period was 4.32 lbs. It is expected to be cold and damp this week, but the bulls are still performing exceptionally well. Steve Sellers with GCA will be coming to take pictures of the bulls over the Christmas break. He will be contacting you about an ad for the February issue of the *Georgia Cattleman*.

#### Reminder

- There are still some missing data points on a few bulls. Those bulls have been blacked out due to the necessity of getting that data ahead of the carcass ultrasound date in January.

One last note: Mike Keeler will officially be taking on his new role at the University of Georgia's Tifton Campus on January 3<sup>rd</sup>, 2022. We are extremely thankful for the dedication that Mike has devoted to both the Tifton Bull Test, and HERD Program over the past 14 years and wish him and his wife, Donna, nothing but the best. We are also thankful that Mike will not be going too far and will still be joining us for work days and Sale Day. We are excited to announce that our new facilities manager will be Mr. Davy Rooks, who will begin his new role on January 3<sup>rd</sup>, 2022. Davy is no stranger to the program and UGA. He is transferring from the UGA Grazing Unit located in Alapaha. We are confident in Davy's abilities and look forward for you all to be able to meet him soon.

We wish you all a Merry Christmas and a Happy New Year!

Reports are available at: [ugabeef.com/bulltest](http://ugabeef.com/bulltest)

#### Upcoming dates:

- January 14<sup>th</sup> – Carcass Ultrasound
- January 18<sup>th</sup> & 19<sup>th</sup> – 84 Day / Off Test weigh days
