December 13, 2021

To: Tifton H.E.R.D. Consignors

From: 
Francine Henry, Ph.D., Ext. Beef Specialist

Enclosed is the 3rd report on the HERD heifers at Tifton. The heifers were AI'd today, and we're hoping for a high conception rate. Weights were recorded on the heifers this past Friday afternoon when the prostaglandin injections were given. Please bear in mind that following a 17-day synchronization protocol, decreased gain is expected. So, females that have not gained or potentially lost some weight are not a reason for concern at this time. As always, if there is a reason for you to be concerned about one of your consignments, you will be contacted by a member of our team. Cleanup bulls will be turned in on December 20th and they will be removed on February 7th. Pregnancy examination will be done on March 9th to determine which heifers are pregnant to AI and report 4 will follow at that time. If you have any questions, please feel free to contact me or Grace at the numbers listed above.

Important dates:

March 1 Tifton Beef Cattle Short Course

March 2 Tifton Bull Evaluation Sale

April 19 Tifton HERD Sale

Merry Christmas and Happy New Year!

The Evaluation Center is open for visitors on weekdays between the hours of 8 a.m. and 5 p.m. You are welcome to visit the station during these hours. Please call Mike Keeler at 229-831-5416. Feel free to visit our website **ugabeef.com** for early posting of reports and a complete schedule of activities planned for the program. Please contact us if you have any questions.
