

GEORGIA BULL TEST

Calhoun

FRIDAY DECEMBER 6th
12:30pm

Angus | Red Angus | Hereford | Black Hereford | Percent Simmental

Sale Day Info

The Calhoun Bull Evaluation Program is an educational program for southeastern cattlemen to serve as a basis for the comparison of their sires to those in the 84-day evaluation. The University of Georgia's College of Agricultural and Environmental Sciences Animal and Dairy Science Department and the Northwest Georgia Research and Education Center manage the program in cooperation with the Georgia Cattlemen's Association.

Auctioneer

Carroll Cannon (GAL #249)
Cannon Marketing Company 229-881-0721

Sale Location

1286 Highway 53 Spur SW
Calhoun, GA 30701
From Exit 312 off I-75: Take Highway 53 West approx. 2 miles. Turn right on McDaniel Station Road. Continue on to stop sign. Turn left on Hwy. 53 Spur, SW. Go approx. 200 yards. Turn left to arrive at the Livestock Pavilion

Sale Order

Sale begins at 12:30 pm. The order of the sale is determined by the index. The highest indexing bull sells first, and is followed in descending order, regardless of breed.

Index = Average Daily Gain (ADG) + Weight per Day of Age (WDA)

Sale Book

Square One Agri Marketing...706-599-8194

Online Bidding

Bid online at liveauctions.tv and for online support contact Shelly Burden at 903-386-7197

Viewing

Bulls will not be run through the ring on sale day, but will be penned at the sale sight for close inspection. A video of each bull will run during the auction. The videos will be available prior to the sale via a link on our website.

All persons who attend this sale do so at their own risk. The owners and sponsors assume no liability, legal or otherwise, for accidents of any nature.

Announcements

Announcements made from the auction box on sale day take precedence over the printed material in this catalog and all other announcements.

Sale Terms

- Each bull sells to the highest bidder.
- The auctioneer settles any dispute as to bids.
- The terms of the sale are cash or check.
- Each bull becomes the risk of the new owner as soon as sold in the auction ring. However, the staff takes every safety precaution until all cattle are loaded.
- Staff employees tend to bulls for a period of 24 hours after the sale.
- Buyers will receive a properly transferred certificate of registry at the consignor's expense. Buyers that have not received certificates within 90 days of the sale should contact the sale management.
- Health certificates will be available on each bull sold. Buyers from states with special entry requirements should call 706-624-1403.
- All bulls will have a floor, selling no less than \$2,500.

Eligibility for Sale

- All bulls are genomic tested with parent verification
- Top 2/3 in each breed
- Unruly/unsound bulls will not be sold
- Minimum yearling scrotal of 30 cm.
- Must pass breeding soundness exam
- Free of the following known genetic defects: AM, NH, CA, DD, OS and Dwarfism. The potential or carrier status of all bulls for newly identified genetic defects not listed above is disclosed in this sale catalog.

Bull Development

Test Data Collection

Bulls were received on July 8, 2024. After a 21-day diet transition period, weights were taken at 0, 28, 56, and 84 days. Hip heights were recorded at 0 and 84 days.

Health and Fertility

Health is excellent. Bulls are thoroughly examined for physical soundness, and have passed a breeding soundness exam by a licensed veterinarian.

Ration and Care

Continue developing yearling bulls with quality forages, hay, and supplemental feed. This will help ensure proper growth and performance. Visit ugabeef.com for the feed ration formulation used in this program

Performance Records

Each sale-eligible bull has passed strict performance standards and has a complete record presented in the summary below the two-generation pedigree.

Ultrasound Measurements

Bulls were scanned in accordance with the ILIA Lab procedures and interpretations. REA, IMF, and Fat adjustments were made to 365 days of age.

Genomic Enhanced EPDs

All bulls selling have had DNA submitted to their respective breed association for genomic evaluation and parentage verification. This increases the EPD accuracy to provide more certainty in decision making.

UNIVERSITY OF GEORGIA

Cattle Producers

We are excited to bring this bull offering to you. You are going to see an impressive genetic package in each bull offered. With high percentile ranking bulls for every trait measured, there will be bulls that meet your needs. These bulls have changed a lot since catalog pictures were taken back in September. Once you see them live or on the videos you are going to be impressed at how they have continued to stouten up. Please feel free to come walk through the bulls at the station, and sort through the videos.

There will be an educational program the evening before the sale at the NWGA Livestock Pavilion. Dr. Pedro Fontes will overview bull fertility and how bulls are evaluated for during a breeding soundness exam. Unlike in years past, registration is required at ugabeef.com. Gordon County 4-H will cooking the meal as a fundraiser for their livestock programming. Go to ugabeef.com for registration. A QR code is also on page 24 of the catalog.

If you have any questions or request, please don't hesitate to let me, Travis, Katie, or the GCA Bull Test Committee know. We appreciate you and look forward to working with you.

Regards,

Jason Duggan

This is definitely a one that can bring some extra pounds and stoutness to your calf crop. If you are keeping daughters, this bull ranks well for foot EPDs, hair shedding, and heifer pregnancy.

Karen Rapp

Over the last 27 years, Karen Rapp prepared the sale catalogs for the Calhoun Bull Test as well as organizing all the reports, mail-outs, bookkeeping, and many other duties for the UGA Live Animal Programs. She was also the administrative specialist for the Northwest Georgia Research and Education Center. Karen fought her battle with cancer valiantly. We miss her dearly, not only as a coworker, but as a friend and member of our UGA family here in Calhoun.
