

25th Calhoun HERD Program – Report 2

January 30, 2025

To: HERD Consignors and Buyers

From: *Jason Duggin* Jason Duggin, Extension Beef Specialist

The repro exams with Dr. Brad Heins of UGA Veterinary Medicine went very well. Of the 73 heifers examined, there were 3 heifers with an RTMS of 1. All heifers measured with a Pelvic Area of more than 140cm². We are excited about this group and are looking forward to how they develop.

The heifers have been on 8 lbs. of feed since the sub-freezing temps moved in. Thanks to the agents that made the trip for the workday and to the NWGA REC for their work to get everything set up and ready to go!
