From: Jason Duggin  
Jason Duggin, Extension Beef Specialist

Enclosed is the 56-day report for the Tifton bulls. Average daily gain for this past weigh period was 4.98 lbs for the 102 bulls on test. As you can see, the bulls are overall performing exceptionally well.

#### Reminder

- There is still some missing data points on a few bulls:
  - Missing critical data such as registration info and birth dates on bulls resulted in their data being blacked out until that is received.
  - Bulls missing weaning data and DNA results – Grace will be reaching out to you.
  - Carcass ultrasound day will be January 14<sup>th</sup>. All bulls missing data by then will be scanned as commercial and not sale eligible.
- Remaining 1/3 payment is due January 14<sup>th</sup>. Please check your email for amount due.
- Photos will be taken January 2<sup>nd</sup> for ads and for the catalog.

#### Upcoming dates:

- January 2 – Photo day
- January 14-15 – Off-Test
- January 14 - Ultrasound
- January 16<sup>th</sup> at 5PM – last chance to notify us if your bulls will not be selling in the sale.

We hope you all have a Merry Christmas and a Happy New Year!

Reports are available at: [ugabeef.com/bulltest](http://ugabeef.com/bulltest)

## 2024-25 Tifton Bull Evaluation Consignor List
