25th Calhoun HERD Program – Report 3

March 3, 2025

To: HERD Consignors and Buyers

From:  Jason Duggin, Extension Beef Specialist

ABS Global representatives AI bred 72 head on March 3rd. On February 28th, the heifers were weighed, and prostaglandin was administered. The weights from that day are enclosed in the report. The group has gained well over the last 30 days.

The primary AI sire utilized was Baldrige Command C036 with Mead Magnitude as the secondary sire.

This year we are using VitaFerm Concept Aid 5/S as the mineral supplement. Appreciate both Hardy Goodman of Biozyme (the new Georgia and Florida rep for VitaFerm and Biozyme products) as well as Nathan Serritt of Calhoun Farm Supply for their support of Calhoun HERD.

Many thanks to the NWREC crew and UGA Agents for their work and support of GA HERD. If you would like to view the heifers or have questions, please feel free to call me at your convenience on my mobile number (706) 728-4354. Thank you for supporting the Calhoun HERD Program.
